

A CORRECTION TO, “THE CONSTRUCTION OF HARMONIC MAPS INTO COMPLEX GRASSMANNIANS”

F. E. BURSTALL & J. C. WOOD

In Proposition 1.6 of [1], to guarantee harmonicity of ϕ_i , the configuration given by the right-hand diagram in the statement of the proposition must also not occur with no arrow from k to i . Thus no diagram of the form below can appear: this is needed to ensure that $A'_{\beta,\alpha} = 0$.

This omission does not affect any other results in the paper.

We thank N. Correia, R. Pacheco and M. Svensson for bringing this error to our attention.
