Control Theory Seminars
Programme, Semester 1, 2012/13

Time: Thursdays, 12:15   Venue: 4 W 1.7

18 Oct	H Logemann	*Integral control and absolute stability: the multi-input multi-output case, part 1*
25 Oct	H Logemann	*Integral control and absolute stability: the multi-input multi-output case, part 2*
01 Nov	E Sarkans	*The bounded-real lemma and the circle criterion, part 1*
08 Nov	E Sarkans	*The bounded-real lemma and the circle criterion, part 2*
15 Nov	A Bill	*Primitivity of Leslie matrices, part 1*
22 Nov	A Bill	*Primitivity of Leslie matrices, part 2*
29 Nov	E P Ryan	*Simultaneous stabilization of n oscillators*
