

Please write your first name on this sheet. Then look at it in the mirror and copy what you see. Some letters look the same and some do not!

**Write your first name here:**

**Write the mirror image here:**

--	--

If you come up with a **really interesting chiral pattern**, we could make an **actual metamaterial** from it, investigate its properties and **add you as a co-author to our scientific publication!**

You can take this sheet home with you and complete it there. Then, you can give it back to your teacher, who will pass it on to us.
