The Learning Style Inventory

This survey is designed to explore the way you prefer to learn. There are nine sets of statements - one set in each row. Look at the statements and decide how they refer to you. Give 4 marks for the statement most important to you, 3 marks to the second, 2 for the third and 1 mark for the least important to you. There are no right and wrong answers. A separate sheet will be used to interpret the way you have scored the statements.
