Site map for Somerset Earth Science Centre

From Shepton Mallet:

Leave Shepton Mallet, heading east on A361. After 2 miles, enter Cranmore and take first turn left. Continue for 1.5 miles, after the “heavy plant crossing” signs you will see a large grass verge, turn right here into the Wainwright Quarry Site entrance. Then immediately turn right into Somerset Earth Science Centre car park.

From Frome:

Leave Frome, heading west on A361. After 7 miles, enter Cranmore and take first turn right. Continue for 1.5 miles, after the “heavy plant crossing” signs you will see a large grass verge, turn right here into the Wainwright Quarry Site entrance. Then immediately turn right into Somerset Earth Science Centre car park.

From Bristol:

Leave Bristol heading south on the A37. Go through Gurney Slade, and then past the Mendip Inn on your left. Shortly after the Mendip Inn you will pass the A367 turning to Bath. Just beyond this, turn left at the crossroads onto the Old Frome Road, signposted Stoke St. Michael. After 2 miles turn left at T-Junction, signposted for Stoke St. Michael and Leigh on Mendip. After 400 yards you will see some “heavy plant crossing” signs followed by a large grass verge, turn right here into the Wainwright Quarry Site entrance. Then immediately turn right into Somerset Earth Science Centre car park.

From Bath:

Leave Bath heading south on the A367. Keep on the A367 until you go through Oakhill. At the T junction turn left onto the A37 then immediately left at the crossroads onto the Old Frome Road, signposted Stoke St. Michael. After 2 miles turn left at T-Junction, signposted for Stoke St. Michael and Leigh on Mendip. After 400 yards you will see some “heavy plant crossing” signs followed by a large grass verge, turn right here into the Wainwright Quarry Site entrance. Then immediately turn right into Somerset Earth Science Centre car park.
